

# 2017-2018 College Cost Worksheet For Undergraduate Students

Using rules established by federal law, OSU creates cost estimates to be used for student aid purposes and is not necessarily the amount you will pay out of pocket. Some expenses (such as tuition and fees\*) are fixed; others are influenced by personal lifestyle choice, so be sure you know your anticipated expenses and plan accordingly. Estimate your expenses for nine months (August to May) to help you see how your expenses may differ.

\*Tuition and Fees figures reflect final rates approved by the OSU A&M Board of Regents and the Oklahoma State Regents for Higher Education in June, 2017.

**Cost-Savings Tips:**

- Choose a less-expensive housing option. Do you really have to have a single room?
- Make the maximum use of your meal plan and save eating out for special occasions.
- Buy used textbooks, if possible. Be sure you know the store's buy-back policy on textbooks.
- Avoid parking tickets. Better yet, bring your bike instead or use "The Bus" (OSU's bus system on-campus and in-town).
- Keep track of charges you make to your OSU Student Account. Treat your ID card like a bankcard. Review your OSU Student Account online at least once a week.
- While you can't change the amount you pay for tuition and fees, you can control how much you spend on optional items, like magazines, newspapers, pets, CD's, video games, vacations, cable TV, pay-per-view, dining out. **If you live like a college student while you're in college, you won't have to live like one once you graduate!**
